Mr. Wendell Owen

P.O. Box 1245
Huntington, Utah 84528

Dear Mr. Owen:

Re: Probable Hydrologic Consequences (PHC) of Mining at the Bear Canyon Mine and Hydrogeologic Evaluation of the Bear Canyon Mine Permit Area and Proposed Expansion Areas (Appendices 7-J and 7-N), Co-Op Mining Company, Bear Canyon Mine, ACT/015/025, Folder #2, Emery County, Utah

Enclosed please find deficiency comments relative to Appendices 7-J and 7-N. Please submit your response to these deficiencies by March 31, 1993.

As previously communicated to Mr. Charles Reynolds, the PHC does not meet the requirements for baseline water monitoring information for the Federal Lease. The Division expects the Federal Lease PHC information to be submitted sometime in the future. However, the Division wants to resolve PHC issues for the approved permit area as soon as possible.

If you have any questions, please call me.

Sincerely,

A handwritten signature in cursive script, reading "Pamela Grubaugh-Littig".
