Dear Mr. Owen:

Re: Tank Seam, Current Proposal Not Approvable, Bear Canyon Seam, Co-Op Mining Company, ACT/015/025-93B, Folder #2, Emery County, Utah

The current proposal, especially the stability and reclaimability for the road to the Tank Seam, are not approvable at this point in time. A discussion of the serious concerns associated with the steep slope road building were relayed to Charles Reynolds at a meeting held at the Division on July 30, 1993. I have enclosed some technical review DRAFT comments for your information.

I am returning two sets of the proposal, and retaining one at the Division for public review. Please resubmit three copies of the entire proposal.

If you have any questions, please call me.

Sincerely,

A handwritten signature in cursive script, reading "Pamela Grubaugh-Littig".
