Re: Co-Op, Bear Canyon Mine, ACT/015/025, Folder #2, Emery County, Utah

Dear Mr. Willson:

I am writing to follow up on Mr. Braxton's letter of August 17, 1993, which was in response to your letter to me of July 14, 1993. Please be advised that the Division treats your letter of July 14th as a timely filed and appropriate objection to Co-Op's application to extend mining into the tank seam in Bear Canyon. Jan Brown, the Division secretary, informs me that you were provided notice of an informal hearing to be held on Thursday, September 9, 1993, at 9:00 am in the Department of Natural Resources auditorium located at 1636 W. North Temple, Salt Lake City, Utah 84116-3193. The Huntington-Cleveland Irrigation Company may appear at that time to raise objections and ask questions relating to that application.

I apologize if our response letter of August 17th was confusing or suggested that Huntington-Cleveland Irrigation Company had missed its opportunity to participate in this proceeding. Please call if you have any questions or if the Division can be of further assistance.

Very truly yours,

James W. Carter
Director
