Re: Tipple Structure Amendment, Bear Canyon Mine, ACT/015/025, Amendment #95G,  
File Folder #2, Emery County, Utah

*Wendell*  
Dear Mr. Owen:

The referenced amendment for the Tipple Structure at the Bear Canyon mine is approved, effective September 12, 1995. The Division did receive an Irrevocable Standby Letter of Credit #1055 on August 4, 1995. However, I was just recently apprised of the situation. I apologize for the inconvenience.

Additionally, the Division has changed its amendment process in that the requisite number of copies are being required to be submitted at the beginning of the review process to allow the other agencies to review the information. As noted in your cover letter, upon approval finalized copies would be sent to the Division. In this case, it would be helpful to submit these finalized copies to allow the Division proper distribution. If you have any questions in the change in our amendment process, please feel free to contact me or Pete Hess.

Sincerely,

A handwritten signature in cursive script that reads "Joseph C. Helfrich".

Joseph C. Helfrich  
Permit Supervisor
