Re: Tank Seam Federal Lease-Determination of Administrative Completeness, Co-Op Mining Company, Bear Canyon Mine, ACT/015/025, Folder #3, Emery County, Utah

Dear Mr. Owen:

The Division has completed a review of your application to permit Federal Lease U-024316 (Tank Seam). We have coordinated with other agencies and solicited their input as well. Your plan is considered to be administratively complete. The Division is currently conducting a technical analysis of your application and will notify you of our findings as soon as the review is completed. There may be technical deficiencies which you will need to correct prior to our being able to issue a permit.

At this time you should publish a Notice of Complete Application for the Lease Addition as required by R645-300-121. A copy of the publication should be sent to the Division as soon as it is available. You should also insure that a copy of the application is on file at the Emery County Courthouse during the comment period.

We look forward to working with you on completing this permitting action. Please call if you have any questions.

Sincerely,
