To Whom It May Concern,

Re: Wild Horse Ridge Response, verbal deficiencies, Bear Canyon Mine, ACT/015/025-98-1, Emery County, Utah

Enclosed are 4 copies of pages and plates to be inserted into the Wild Horse Ridge application. These revised pages are in response to deficiencies identified by the U.S. Forest Service and identified during a review of the topsoil volume information by Priscilla. Co-Op Mining Company has forwarded additional copies to the Forest Service, BLM and UDOGM Price Field office.

Page 5-9 has been revised to remove the reference which stated that the Juel Cultural Resource Report could not be found. Pages 30-4, 30-15, 8-30, 8-41, 8-47 and Plate 8-7 have been revised to correct the topsoil volumes, which were previously miscalculated for Reclamation Area TS-15. Plate 7-4 and Plate 7N-2 have been revised to show the spring locations not previously identified on the maps.

Please replace the previously submitted pages and Plates listed above with the enclosed pages.

If you have any questions, or need additional information, please call Charles Reynolds at (435) 687-5238.

Thank You,

*Wendell Owen*
