Re: Response to Wild Horse Ridge Addition, Co-Op Mining Co., Bear Canyon Mine, SR98(1)-4, Outgoing File

Dear Mr. Wilcox:

Enclosed is a copy of all of the updates to the Wild Horse Ridge significant revision that have been received since the original submittal. Co-Op Mining Company and we wanted to be sure you have all of the most up to date information. Much of the information in this package may already be inserted into your copy of the proposed revision, but there are some sections on slope stability that are new.

To update your copy, please go through this package and compare the dates at the bottom of the pages with those in the copy you already have. The pages with the most current dates should be kept in the submittal and the older ones discarded.

Paul Baker has been assigned as team lead on this project. If you have any questions, please call him at (801) 538-5261.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
