WQ 00-4

Hi all,

Today I processed the Bear Canyon Mine (and Trail Canyon Mine) water quality data for the 4th quarter 2000. This data was submitted through the EDI web site and was formally submitted to DOGM on May 14, 2001 via email from Charles Reynolds.

This included the following 28 samples at Bear Canyon and 6 samples at Trail Canyon. Since Trail Canyon has received bond release in April 2001, this will be the last set of samples for the Trail Canyon Mine.
