Co-Op Mining Company hereby requests an extension to abate the above referenced NOV until May 30, 2003. The current abatement deadline is Monday, May 12th. Due to weather conditions, we are currently still unable to access all of the monitor well sights to complete the well installations and repairs, and will be unable to abate the violation by May 12th.

If you have any questions, please call Mark at (435) 687-5238.
