**Subject:** Intrim Amendments

I am emailing a copy of the amendment to add all interim pages. This email includes a cover letter, C1 and C2 forms, copies of all the pages and maps that were changed, and a file in both excel and open office format listing the amendment, the old and new page numbers the change was made to, and a brief description of the change. This is not a very print friendly file.

Tomorrow I will drop off copies of the amendment at the Price field office. These copies will included a cover letter, signed C1 and C2 forms, Three complete hard copies of the pages and maps in binders, and 5 cd's with all of the DOGM recommended directory structures and files. Also included on the cd's will be complete copies of the chapters and appendices that had pages changes with the changes in them.

If you have any questions email me back or call me at 435-687-2450.

Mark Reynolds

To Whom It May Concern,

**Re: Application to Change Existing Mining Plan, Addition of Interim Amendments in the New Format, Bear Canyon Mine, C/015/0025.**

Enclosed is an amendment that has all the changes approved in previous amendments but in the new format. We are also emailing a spreadsheet file that lists the approved amendment, the page number that was approved in that amendment, the new format page number that the change was added to, and a description of exactly what was changed.

There are only three changes that were not approved in other amendments. They are listed below.

1. Appendix 1A was updated to include NOV issued after the IBC amendment was approved.
2. On Plate 5-1C the mine workings were updated to 2/14/05. **No changes were made to the projections.**
3. On Plate 5-1A the mine workings were updated to 2/14/05. The location of the seals in the 6<sup>th</sup> right panel was added. All projected workings located behind those seals were removed.

If you have any questions, please call me at (435) 687-5238.

Thank You,

Mark Reynolds
