

### **115.200 Claim of exemption as described in R645-301-333**

No exemption claimed

### **115.300 Information regarding owners of nearby buildings**

Waiver letters from the occupants of dwellings located within 300 feet of the coal mining operations are found in [Appendix 1-F](#). The dwelling nearest to the underground workings is the hunting cabin. Pictures of the dwelling were taken in 2004 for the pre-blast survey and are stored at the mine site.

## **R645-301-116 Permit Term**

### **116.100 Starting and termination dates and the anticipated number of acres to be affected during each phase of mining over the life of the mine.**

The mine started construction in 1981 and was in production by late fall of 1981.

Termination dates anticipated for each phase of mining are nebulous at this time although a detailed estimate of production and reserves are included in the Geology Section and a projection of 33 years appears realistic (from 1990). The final termination date for the mining operation is expected to be 2012.

The actual surface acreage disturbed by the mine operation is identified in [Table 1-4](#) and [R645-301-222.300](#), and [R645-301-240](#). [Plate 1-1](#) shows the permit area and [Plates 5-2](#) show the surface facilities and disturbed area.
