Subject: Re: Bear 4th Quarter Water monitoring

Melissa,

I have uploaded all of the information for Bear Canyon from the pipeline into the database. A report is attached.

As a reminder, according to parameters set by the assigned hydrologist, you are still missing all of the parameters for BC-3, except flow and oil/grease. Since the sample is already in the database, you may e-mail me with the missing parameters and I will make sure they get into the sample.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.
