Subject: Conditional Approval of Snow Storage, Task ID #2669, Co-Op Mining Company, Bear Canyon Mine, C/015/0025, Outgoing File

Dear Mr. Reynolds:

The Division has completed its review of your October 4, 2006 deficiency response for the proposed Snow Storage at the #4 Mine Tank seam workings, along with supplemental information received November 6 and November 9. The mine plan amendment is approved conditioned upon receipt of eight clean copies prepared for incorporation.

Once the Division receives the clean copies, final approval will be granted. Please submit the clean copies by December 13, 2006. Due to the nature of this amendment, revision to the Technical Analysis is not necessary at this time. The Technical analysis you have on file is the most current.

If you should have any questions, please call me at (801) 538-5286 or Peter Hess at (435) 613-1146, Ext. 203.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
