**Subject:** Re: Bear Canyon GPS coordinates for CHIA

Jim,

Here are the UTM coordinates for the sites that I have.

This one if from Dale Harber's GPS. I think it is in UTM Nad 27.  
SBC-19 Easting 0494449, Northing 4363909

These are from my hand held garmin GPS.  
SCC-1 Easting 0496212, Northing 4363754, Elev. 8957  
SCC-2 Easting 0494952, Northing 4364746, elev. 9062

I do not have locations for any of the FC sites being added since I have never been to them. They were based on their position on the Quad map. For the other spring sites (SBC-22, SBC-23, etc.) that we visited with the water users, I got my coordinates from Steve since I did not have my GPS with me when we visited them.

If you need coordinates for our existing sites I can get those to you.
