Melissa,

Thank you for forwarding the revised IBC submittal yesterday afternoon. We have forwarded it as a courtesy to the coordinating agencies. We will assign and process the application accordingly. In the meantime would you please ask Mark or Charles to send us an email withdrawing the 1st IBC package that was emailed to us on Wednesday (May 9/07)? Please advise if you want us to return or dispose of the hard copies once we receive them. I left a voicemail message on Mark's phone this morning with this request as well.

Thanks again,
