Melissa,

=====

Missing Parameters

Ortho phosphate values are missing for all the following sites.

The following four sites are in the baseline monitoring period according to Tables 1-14A and 7-14B, and Ortho phosphate should have been done as part of baseline.

- SMH-5
- SBC-16A
- SBC-16B
- SBC-22

Baseline data (except for Ortho phosphate) were reported for the following eleven sites, but Tables 1-14A and 7-14B aren't clear as to whether or not baseline is required on these sites at this time. Total P was reported for four of them.

- 16-8-8-10 (SCC-3) Mohrland Portal Discharge
- SBC-23 (FBC-12)
- CK-1 (May) Total P was reported
- CK-2 (May) Total P was reported
- FC-2 (May) Total P was reported
- FC-4 (May) Total P was reported
- SBC-18
- SBC-20
- SBC-21
- SCC-2
- SCC-5

=====

I'll be out of the office on Friday, Back Monday.

JIM
