1. Permits, Change, Transfer, Renewal, Sale

The current DOGM permit C/015/0025 on file was issued effective 04/03/2007 and expires 11/02/2010 to CW Mining. Kenneth Rushton is the assigned Trustee by the Bankruptcy Court. Information found in chapter one of the mining and reclamation plan (MRP) relative to ownership and control needs to be updated to reflect the proper information such as addresses, directors, resident agent to name a few. Any change in ownership requires a permit transfer to be approved by the Division.

-Certificate of Insurance policy number CSPKG00617-00, issued 02/07/2010 and terminates 02/17/2011, Bear Canyon Mining (Trustee Kenneth Rushton).

-UPDES permit # UTG040000(UTG040006) effective 08/01/2008 and expires @ midnight 04/30/2013. Current permit is under Hiawatha Coal company. This permit needs to go through a permit change to reflect the proper permittee.

-Air Quality permit DAQE-145-02, issued February 22, 2002. Current permit is under Hiawatha Coal company. This permit needs to go through a permit change to reflect the proper permittee.

-SPCC Plan dated 09/14/06. The Plan is P.E. certified, stamped, signed and dated by a Utah P.E. This plan needs to be revised to reflect the current persons and personnel in charge. The individuals listed in this plan no longer have any responsibility.

2. Signs and Markers

The mine identification sign is in place at the point of public access to the permit area and contains the required information.

20. Air Quality Permit

The current air quality permit is under Hiawatha Coal Company. A permit transfer needs to be done as Hiawatha Coal Company is longer part of this operation.

21. Bonding and Insurance

The information available on site indicates CW Mining has a bond through Lyndon Property Insurance Company NPL-0601-310000 for \$1,825,000. All indications are that this bond is still effective.
