Hi Jaren,

I was wondering if you could tell me when if your 2nd quarter sampling event has been scheduled as of yet? As you may recall our discussion, I am interested in coming down and observing the event as well as familiarizing myself with the sample location sites. Please let me know when it is scheduled and if it has already been completed, let me know when the 3rd quarter is scheduled to take place.

Thanks very much...

Regards,

April
