Subject: Initial Completeness Review Rejection of Midterm Review Response, Task ID #4399, Castle Valley Mining, LLC, Bear Canyon Mine, C/025/0005

Dear Mr. Jorgensen:

The Division received your application for the above-noted permit change on September 9, 2013. Pursuant to R645-303-221, the Division completed the requisite 15-day Initial Completeness Review (ICR) and denies this application for a technical review.

- Page 7-60A indicated on the C2 form was absent from the submittal.
- Chapter 5 as submitted was not included on the C2 form and is missing pagination.
- There were no clean copies submitted of IH-4; however, there were clean copies of page 15. It was unclear if page IH-4 was being replaced by page 15. If so, page 15 should be numbered IH-4.

The Division is returning this application. Please resubmit the entire application no later than October 13, 2013. Also, please note, the Division only requires 1 redline strikeout copy for review and 2 clean copies for incorporation.

If you have any questions, please call me at (801) 538-5325 or Suzanne Steab at (801) 538-5265 for further details.

Sincerely,

Daron R. Haddock
Coal Program Manager
