Modified as follows:

Reason for modification:

Terminated because:

Vacated because:
During one of the previous inspections as the newly assigned (as of Dec. 2014) inspector, a site visit with the newly assigned hydrologist (Keenan Storrar) to to evaluate the effectiveness of the sediment control structures at the Bear Canyon mine was suggested to Jaren Jorgensen. At the time of the May oversight inspection the Division's inspector and hydrologist had not yet identified conditions that the operator should have attended to in order to avoid a violation. Such was the case in the vacation of NOV 13154. Therefore a violation is not warranted under these circumstances.
