Subject: Minor Coal Exploration, Castle Valley Mining, C/015/0025, Task ID #5676

Dear Mr. Jorgensen:

The above-referenced Minor Exploration Letter of Intent has been reviewed as of May 21, 2018. You have addressed all the requirements of the Minor Coal exploration rules in the R645 Coal Rules. The Letter of Intent indicates that less than 5 acres will be disturbed and less than 250 tons of coal will be extracted. Please have a copy of the Letter of Intent at the exploration site upon inspection.

The letter of Intent did not give a starting date and final reclamation date of the exploration project. Please notify either Daron Haddock or Stephen Demczak prior to starting exploration and identify these dates.

The Division is requesting upon completion of final reclamation of the three (3) exploration drill sites, two (2) pictures from different angles of each location and to be submitted to the Division in Salt Lake City and Stephen J. Demczak at the PFO.

If you have any questions, please feel free to call me at (801) 538-5325 or Stephen J. Demczak at (435) 613-3732.

Sincerely,

Daron Haddock
Coal Program Manager
