Dear Mr. Hedberg:

Re: Pillar Design Plan, Genwal Coal Company,
Crandall Canyon Mine, Emery County, Utah,
Minor Modification - to Approved Mine Plan.
(Act /015/032, Folder No. 3)

The referenced information forwarded with your letter dated June 7, 1985, was approved by the Area Manager of the BLM - Price River Resource Area on February 22, 1985, (copy of approved mine plan modification included with your submittal).

We have determined that the approved modification, referenced above, to the approved Resource Recovery and Protection Plan (R₂P₂) on file in the Price River Resource Area is compatible with 43 CFR 3482.1(c) rules and regulations, and that the approved mine plan changes will safely obtain maximum recovery of the coal resource within the plan area using the equipment and technology outlined in the approved R₂P₂.
