RE: Approval Order for Increase in  
Coal Production  
Emery County CDS B

Dear Mr. King:

The Executive Secretary published a notice of intent to approve an increase in coal production at your coal mine in Emery County. The 30 day public comment period has expired, and no comments were received.

This air quality approval order authorizes the increase with the following operating conditions:

1. All emission control equipment shall be properly installed, maintained and operated as proposed in the notices of intent dated March 25, 1980, and August 6, 1985.
2. No visible emissions from any point shall exceed 20% opacity as determined by 40 CFR 60, Appendix A, Method 9.
3. Visible emission evaluations of intermittent sources shall be taken in accordance with Section 4.1.9, UACR.
4. All conveyors shall be covered and equipped with water sprays which shall be operated as dry conditions and material moisture warrant or as determined necessary by the Executive Secretary.
5. The stockpile shall be sprayed with water as wind and dry conditions warrant or as determined necessary by the Executive Secretary.
6. Annual production of coal shall not exceed 360,000 tons without prior approval from the Executive Secretary in accordance with Section 3.1, UACR.

KENNETH L. ALKEMA, DIRECTOR • DIVISION OF ENVIRONMENTAL HEALTH

7. The amount of coal mined shall be recorded on a daily basis and the records shall be made available to the Executive Secretary upon request.
8. The unpaved haul road shall be graveled and water sprayed to minimize fugitive dusts as dry conditons warrant or as determined necessary by the Executive Secretary.
9. The sulfur content of any diesel fuel oil used shall not exceed 0.85 lb/10<sup>6</sup> BTU heat input.
10. No crushing shall take place at the site without an approval order being issued by the Executive Secretary in accordance with Section 3.1, UACR.
11. The Executive Secretary shall be notified when production increases to 1500 tons per day as a compliance inspection is required.

The fee for issuing this approval order is \$186.44. The amount (see enclosure for breakdown of costs) is payable to the Utah Department of Health, sent to the Executive Secretary, Utah Air Conservation Committee, 2870 Connor Street, Salt Lake City, Utah 84109 and is due within 30 days after receipt of this approval order.

Sincerely,

*Brent C. Bradford*
