Dear Mr. King:

Re: Approval of PAP Amendment, Temporary Installation of a Portable Coal Screening Facility, Genwal Coal Company, Crandall Canyon Mine, ACT/015/032-87C, Folder #2, Emery County, Utah

The Division has completed its review of your September 22, 1987 request for a temporary modification to the permit amendment entitled "On-site Coal Processing & Truck Loading Facility" received June 17, 1987 in the Division offices. As requested in your proposal, this temporary modification is approved for a period of eight weeks from the date of initial implementation. It is our understanding that the USFS and the Utah Bureau of Air Quality have also given Genwal their consent for implementation of this modification.

Please contact me or Susan Linner, Permit Supervisor, should you have questions or concerns regarding this approval. Thank you for your cooperation in completing this permitting action.

Sincerely,

D. Wayne Hedberg  
Data Management Coordinator
