Dear Mr. ^{Andy} King:

Re: Approval of Third Time Extension Request, Temporary/Portable
On-Site Coal Processing/Screening Facility, Genwal Coal Company,
Crandall Canyon Mine, ACT/015/032, Folder #3, Emery County, Utah

On May 31, 1988, the Division reviewed your letter requesting another time extension for continued use of the temporary coal processing screening facility at the Crandall Canyon mine site. The Division's February 4, 1988 letter granted a time extension for continued use of the temporary screening facility. The February 4, 1988 extension expired on June 1, 1988.

The United States Forest Service (USFS) has granted Genwal Coal Company an extension of time to use the temporary facilities until June 30, 1988. The Division hereby grants its approval for Genwal to continue using the temporary screening facility until June 30, 1988.

If you have any questions or concerns please contact Susan Linner, Permit Supervisor, James Leatherwood, Reclamation Soils Specialist or myself.

Sincerely,

Lowell P. Braxton
