Dear Mr. Braxton:

Enclosed you will find for your review three (3) field amendment documents pertaining to three areas of concern at or adjacent to the Crandall Canyon Mine site:

1. Construction of roadside burm.
2. Modification of sediment pond riser and discharge.
3. Small Area Exemptions.

The enclosed field amendment forms are being submitted to inform the Division of our intentions of addressing areas of concern at the mine site and to help expedite the approval process and establish a paper trail for tracking the mitigation of the areas of concern.

Once confirmation is received from the Division, Genwal Coal Company will proceed with construction and/or supply the Division with additional information, i.e., additional maps, calculations, etc., in a timely manner.
