Dear Mr. Myers:

Re: Extension of Deadline for Submittal, ^{Shop/Warehouse} Bath House and Oil Storage Revision, Genwal Coal Company, Crandall Canyon Mine, ACT/015/032, Folder #3, Emery County, Utah

The Division is granting an extension to Genwal Coal Company for the November 20, 1990 requirement to submit as-built plans for the bath house and oil storage area at the Crandall Canyon Mine. The Division letter of October 12, 1990, required a submittal of this information on November 20, 1990. Based on phone conversations between our office and your representatives, the Division believes that a deadline of January 14, 1990, would accommodate the delays in construction and map work required for this submittal.

If you have any questions concerning this action, please feel free to contact myself or Rick Summers, Senior Hydrologist.

Sincerely,

Daron Haddock
Permit Supervisor
