RE: Permit # ^{AMD. #} ACT 015-032-92 C
Genwal Coal Company
Chapter 14

Dear Mr. Haddock:

Please find enclosed fourteen (14) copies of the revised chapter 14. Please replace the entire Chapter 14 with the newly submitted pages. The Appendices will remain the same as in the 20 December submittal. Please add to Appendix 6-5 the newly submitted pages. Plates 2-1, 3-3 have been updated. A new plate showing a larger view of State Lease 21569 is included as Plate 3-3A.

Please note that the permit buffer zone has been removed.

This submittal is intended to supersede submittals dated 14 Nov 1991, 20 December 1991, 14 Jan 92, and 27 Jan 92 with the exception of the Appendices submitted with the 20 December submittal.

Genwal Coal Company has been working with the Division, State Lands, and USFS since November of 1991 to modify our approved permit to allow for second mining. Genwal went to the extend of moving its underground mining operations three miles, in addition to changing the entire mine layout, to allow for more time for the permitting process. Pillar retreat mining is scheduled to begin Monday the 20th of April.

Your assistance in this matter is greatly appreciated.
If you have any questions or comments please call.

Sincerely;
