Dear Mr. Childs:

Re: Deficiencies in New Chapter 3, Genwal Coal Company, Crandall Canyon Mine,
ACT/015/032-91F, Folder #3, Emery County, Utah

Folder #2

The Division has completed a technical review of your recent Chapter 3 submittal which you left with us on December 3, 1991. It appears that there are still a number of technical problems with your plan and we can not approve it as submitted.

The enclosed technical memos point out various areas of deficiency. Please review them and correct the problems as outlined. You will be required to make the necessary corrections and submit them to the Division by no later than February 18, 1992.

If you have any questions please don't hesitate to call me or the appropriate members of the technical staff.

Sincerely,

Daron R. Haddock
Permit Supervisor
