4th Quarter  
Coal Mining Hydrological & Reclamation Report  
Sample Analysis of Lower Flume  
Deletion of Total Settleable Solids

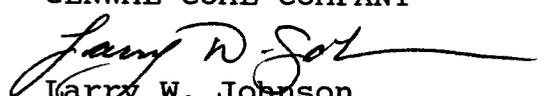

Dear Jim:

Enclosed is a letter from Commercial Testing & Engineering Co., the firm Genwal has been using to analyze water samples for the Crandall Canyon Mine. The letter explains the fact that C.T. & E. overlooked running an analysis for Total Settleable Solids although Genwal requested it.

Should you have any questions or need additional information, please contact me at 687-9813.

Sincerely,

GENWAL COAL COMPANY

  
Larry W. Johnson
