INSPECTION REPORT

PERMIT NUMBER: ACT /015/032

DATE OF INSPECTION: 29 January, 1993

(Comments are Numbered to Correspond with Topics Listed Above)

1. Special Use Permits from the USFS contain an expiration date of 31 December, 1992; however the USFS has accepted Genwal's payments on these areas for 1993. Jay Marshall will contact the USFS to confirm the ongoing status of these Special Use Permit areas.

- 4d. Water samples for the fourth quarter of 1992 were not collected for the springs and the Blind Canyon and Upper Flumes because of they were inaccessible, frozen, or dry. Lower Flume was not analyzed for Setttable Solids due to a lab error.

21. Insurance coverage has been renewed for 1993. The Acord form shows \$1000 deductible on property damage, same as last year. If DOGM needs a new letter restating the first dollar coverage of the policy, this can be requested, but Genwal feels the letter from last year should suffice since the same policy has simply been renewed.
