Dear Mr. Marshall:

Re: Completion of Division Order #92A, Genwal Coal Company, Crandall Canyon Mine, ACT/015/032, Folder #3, Emery County, Utah

On April 28, 1993 the Division received the certified maps you had submitted to satisfy Division Order #92A. This completes the requirements of the Division order and the information provided will now be inserted into your Mining and Reclamation Plan. Any other items of concern that were identified in the review of your old Chapter 14 should now be addressed as part of your permit renewal application. Hopefully, the Renewal Application will have addressed any changes that needed to be made. We still await the response to deficiencies found in the Renewal Application.

Thank you for your help in completing the Division Order. Please call if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
