Dear Mr. Marshall:

Re: Denial of Proposed Truck Scale Amendment, Genwal Coal Company,
Crandall Canyon Mine, ACT/015/032-93C, Folder #3, Emery County, Utah

The Division has completed a review of your proposed plans for a truck scale installation, received at the Division office on June 23, 1993. The Forest Service was also consulted regarding your plans. It appears that your proposed truck scale would extend into the Forest Development road, thus blocking access especially when trucks or trailers are being weighed. For this reason the Division cannot approve your proposal and the truck scale amendment is hereby denied.

You may wish to redesign and resubmit your proposal, or provide other alternatives for installation of a truck scale in the future. Please ensure that adequate details are provided which clearly separate the proposal from the Forest Development road. Please call if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
