9. There are no signs of elk or deer on the mine site. The mild winter and lack of snow has apparently allowed them to remain at higher elevations.
- 16a. The road is unusually dusty because of the dry winter weather. Larry Johnson indicated that the road would be swept in the next week or so, earlier than would be the case with in normal precipitation.
21. The insurance has been renewed for another year and the Accord form was with the permit documents.
