Re: Revised Permit for IBC in Lease UTU-68082, Genwal Coal Company, Crandall Canyon Mine, ACT/015/032, Folder #3, Emery County, Utah

Dear Mr. Marshall:

You should have recently received Federal Mine Plan approval dated May 23, 1994 for the Incidental Boundary Change (IBC) in Lease UTU-68082. With that approval, the Division is now able to revise your State Permit to include the IBC. Enclosed you will find two copies of the revised permit. Please review the permits and the special stipulations attached, sign both copies, keep one for your records and return one to the Division.

Thank you for your cooperation during the permitting process.

Very truly yours,
