Dear Steve;

Please find enclosed seven (7) copies of a new plate 5-2 to be reviewed and included in our currently approved mine reclamation plan. Note the changes in sections 26 and 35 showing our new plan on how we are going to mine coal in the proximity of the Joes Valley Fault.

In addition please note the Longwall panel #6 will be developed with the headgate and bleeder being within 200 feet of the lease boundary. The relocation of Longwall panel #6 allows for a more substantial barrier protecting the 6th East Mains.

In addition I have enclosed plate 5-2 with our most recent subsidence data superimposed over the mine workings. This superimposed map is for review only and is not to be included in the mine reclamation plan.

Should you have any questions please call me.

Sincerely;

R. Jay Marshall

APPLICATION FOR PERMIT CHANGE

Title of Change: Under Ground Mine plan ammendment Plate 5-2.

Permit Number: ACT / 015 / 032

Mine: Crandall Canyon #1

Permittee: Genwal Resources

Description, include reason for change and timing required to implement: The change is needed to allow for more substancial barriers for 6Th East Mains and to better reflect current mine plans adjacent to the Joe's Valley Fault.
