Dear Mr. Gray:

This letter is to acknowledge receipt of your letter and accompanying Partial Reply for TA Response. The reply will be held in our files for the referenced mine until we have received the complete TA response. When all responses and all accompanying plates and drawings are received we will be able to continue our review. This is necessary in order that we provide you with the best technical review in the most timely manner.

Also, the Form, DOGM-C1 (enclosed) needs to accompany the submittal. This form must be signed by a responsible official of your firm and be notarized. Please note that seven copies of your submittals are necessary to accommodate the numerous agencies that must review permitting actions at this mine. DOGM will handle distribution of the copies.

Please call if you have any questions.
