#2

Act 1015/032

Copy for
Steve AFD

Dear Gary,

In response to your May 30th letter requesting ~~partial use of the trailhead~~ parking area to facilitate the move and new installation of a longwall section, permission is granted. This letter will serve as authorization for the requested activity during the period of 9 thru 30 June and, 15 July thru 5 August 1997.

Please ensure that the road remains open to Forest users during this peak period as you described in your request, that only the crane is stored in the parking area, next to the warehouse, and that the trucking vehicles and mining equipment pieces not be left in the trailhead area. Parking space along the western portion of the trailhead will need to be available for Forest user parking at all times.

If you have questions, need an extension, or other difficulties are encountered, please contact Jeff DeFreest, Ferron-Price District Geologist or me at the above address.

Sincerely,

CHARLIE J. JANKIEWICZ
District Ranger
