RE: 1996 Annual Report, Genwal Resources, Inc., Crandall Canyon Mine, ACT/015/032, Folder #6, Emery County, Utah

**Completeness:**

The permittee has met the requirements of the R645 rules and the Division's guidelines as it pertains to the annual report.

**Engineering Analysis:**

The permittee has failed to have the annual sediment pond inspection report and the updated mine map P.E. certified as required by the R645-301-512 rules and the Division's guidelines.

**Recommendation:**

It is recommended that the permittee submits an annual sediment pond inspection report and an updated mine map which are P.E. certified.
