Re: Crandall Canyon Culvert Project, Genwal Resources Inc., Crandall Canyon Mine,  
ACT/015/032-96-1, Folder #3, Emery County, Utah

Dear Mr. Bates;

After receiving a variety of comments and holding a number of meetings regarding the above-mentioned project, the Division has received revised information from Genwal Resources which is intended to satisfy all previous concerns. It is believed that this new information addresses the comments we have received from your office.

A copy of the entire Genwal application is on file in our Salt Lake office as well as our Price Field Office located at the College of Eastern Utah, if you are interested in reviewing it. The Division anticipates completing our review of this submittal by May 19, 1997.

Thank you for your interest and comments on this project. If you have questions or comments please contact Mike Suflita at 538-5259.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".

Daron R. Haddock  
Permit Supervisor
