Re: 444 Acre Incidental Boundary Change, Genwal Resources Inc., Crandall Canyon Mine, ACT/015/032-IBC98-1, Folder #3, Emery County, Utah

Dear Messrs. Singh and Manus and Ms. Kaiser:

On August 3, 1998, the Division sent your office the above referenced application. Enclosed, you will find some additional information which has been supplied to amend the original application.

We recognize that the Applicant does not have right-of-entry since the 444 acre area is within the Mill Fork Least Tract which is yet to be issued. However, in the interest of time we are processing the application now, so that Genwal Resources can correct any deficiencies and have a plan ready to be approved as soon as the lease is issued.

We anticipate completing our review of this latest information by December 18, 1998. Please provide your comments on this project by this date. If you have any questions, please call me at (801) 538-5325 or Dave Darby at (801) 538-5341.

Sincerely,

Daron R. Haddock
Permit Supervisor
