Re: Updated Surface Facilities Map, Genwal Resources, Crandall Canyon Mine,
ACT/015/032-99A, Folder #3, Emery County, Utah

Dear Mr. Gray:

Your proposal to place a portable shed at the truck loadout area is approved. The revised surface facilities map, (plate 5-3), accurately depicts the location of the shed. As well the revised map is approved and will replace the current plate 5-3. The reclamation costs as proposed, (\$536), are less than 5% of the currently approved reclamation cost estimate for the Crandall Canyon Facility, (\$1,564,000). Therefore, an adjustment to the bond is not required. The technical analysis prepared by Steve Demczak and a stamped approved incorporated copy of your proposal are provided. The approved amendment may be inserted into your Mining and Reclamation Plan.

If you have any questions please call.

Sincerely,

Joseph C. Helfrich
Permit Supervisor
