Re: 4th Quarter 1999 Water Report, GENWAL Resources, Inc., Crandall Canyon Mine,
ACT/015/032. #7

Dear Sirs:

Enclosed is a hard copy of the 4th Quarter 1999 Water Report. Although not yet approved, this is based on the submittal required by the Division Order on water monitoring; and should be correct and easy to use.

If you have questions, please call.

Sincerely,

Gary E. Gray

Dear Client:

The samples were received for analysis at Inter-Mountain Laboratories (IML), Farmington, New Mexico. Enclosed are the results of these analyses.

Comment:

Analytical results were obtained by approved methods. Sample analyses were obtained within the method specific holding times. Practical Quantitation Limits (PQL's) are based on method requirements, and any dilutions necessary to maintain proper method response without matrix interference.

If you have any questions, please call me at (505) 326-4737.
