DO Response

Re: Water Monitoring Plan Permit Change (DO99A) Deficiency Response, GENWAL Resources, Inc., Crandall Canyon Mine, ACT/015/032.

Jacobs

Dear Sirs:

Attached is the permit change application in response to the deficiencies found by the Division in the application for DO99A. The DO required that permit deficiencies concerning the water monitoring plan and locations be addressed and be submitted in a permit change application. The Technical Review found one spring not marked on the map. A discussion about the parameter list was included in the review. The tables for the various analyses have been included.

If you have questions, please call.

Sincerely,

Gary E. Gray
Engineer
