Hi, Johnny - June 20 is fine. I'm glad to hear everything went well. I drafted the letter for Lowell's signature...may take a day or two to get through the system..Mary Ann needs to review and she is out today and Monday.

By the way, I meant to ask how Mom's tree is doing. I am going to hike there someday....

Take good care. Pam

Pam,

The photo-shoot went well and I appreciate you letting me know about the Phase II Bond Release Approval for Sowbelly and Hardscrabble. The only thing that could have made it better would have been if more of the pentstemon were in bloom.

Regarding Phase III bond release at the Crandall Canyon leach field, I just received the Division approval today May 30, 2003, and the cover letter is requesting clean copies by June 2, next Monday. I would like some additional time to get the clean copies, especially when there are drawings included. Therefore, can Plateau have until June 20? The only reason I am asking until June 20 is because I will be in Baltimore during June 11-13.

I will do whatever I can to get the clean copies to the Division as soon as possible.

Thanks,  
JP
