

LEGAL NOTICE OF PROPOSED ACTION

GENWAL RESOURCES, INC. PROPOSED MODIFICATION OF FEDERAL COAL LEASE UTU-68082 NOTICE OF OPPORTUNITY FOR COMMENT

Genwal Resources, Inc. (Genwal), submitted an application to add 120 acres to Federal Coal Lease UTU-68082. The proposed lease modification area involves National Forest System lands administered by the Manti-La Sal National Forest in Emery County, Utah described as follows:

T. 16 S., R. 7 E., SLM, UT
Section 32, W1/2 NW1/4; NW1/4 SW1/4

Genwal's application would add the described lands to the current lease to acquire additional coal reserves for their Crandall Canyon Mine that may otherwise never be mined. The Manti-La Sal National Forest and BLM Utah State Office are jointly conducting an Environmental Analysis of the proposed lease modification. The Office of Surface Mining, Reclamation and Enforcement is participating as a cooperating agency.

The Utah State Director of BLM must decide whether or not to modify the lease. The Forest Supervisor of the Manti-La Sal National Forest must decide whether or not to consent to the lease modification by BLM, and prescribe lease stipulations needed to protect non-mineral resources. The Forest Supervisor would also consent to approval of any associated mine plan amendment by Utah Division of Oil Gas and Mining, which would involve including this lease modification in the permit area.

The public is invited to comment on the proposed action. Only those who submit timely and substantive comments will be accepted as appellants. Substantive comments are those within the scope of, are specific to, and have a direct relationship to the proposed action, and include supporting reasons that the Responsible Officials should consider in reaching a decision.
