Subject: Re: Affidavit of Publication for South Crandall

Gary - you are granted an extension until February 22 (the 20th is a Sunday and the 21st is a holiday) for the complete submittal of the Penta Creek response to deficiencies.

Ok. Not a problem.

However there is a problem with the Penta Creek permit change extension. I just got thru meeting with John Lewis and Dave Shaver. Apparently there is a meeting about the dam report requested by the BLM at which DOGM and the Division of Dam Safety is to be present on January 13th (a Thursday). It is apparent from their discussions that this report is going to be preliminary and will be finalized at some time after that meeting on the 13th. We will have the consultant present at this meeting, so you might want Wayne Western and others there also. Dave suggests that we leave the submittal date open or at least change it to February 20 instead of the date that you and I came up with. Sorry, I wasn't aware of what the BLM was requesting of John; just that we were going to see this report soon.

I can't seem to find the affidavit of publication for Genwal's South Crandall lease modification. Would you please fax it to me. My fax number is 801-359-3940... Thanks.
