Subject: Genwall UPDES update

Hi Mike,

I received from DWQ a copy of a change to the Crandall UPDES permit to reduce the frequency of the WET testing. The changes (p. 9 - 13) will need to be submitted to DOGM in order to keep the MRP current. I just wanted to give you a heads up because UPDES updates are often overlooked in the MRP. Let me know if you have any questions. Thanks.
