Hi, Jeff. Thanks for forwarding the UPDES inspections to us. I just noticed that the one for Crandall Canyon Mine notes that the Crandall Canyon Mine was a UtahAmerican Energy, Inc. (UEI) facility not Genwal Resources, Inc.

UEI made a decision not to have Crandall Canyon Mine be a UEI facility, rather stay as Genwal Resources, Inc.

Here's the info.... (Probably more than you wanted to know!)

P.S. Has John mentioned if April 10 at 2:00 will work for the next DWQ/DOGM meeting?

Appreciate all of your help!

Pam
