RE: *Extension Request -- Division Order 10A, Paragraph IV, Item 2 (Task ID #3704) Genwal Resources, Inc., Crandall Canyon Mine, C/015/0032*

Dear Dana:

On behalf of Genwal Resources, Inc. ("**Genwal**"), we respectfully request a thirty-day extension of time to complete the hydrogeologic investigation and to submit a revised Probable Hydrologic Consequence ("**PHC**") study of the Crandall Canyon Mine. Genwal has retained Erik Petersen, Petersen Hydrologic, LLC, to complete this investigation and to assist Genwal with preparation of the PHC. Due to the wet spring, Mr. Petersen's investigation was delayed by several weeks. Therefore, we would appreciate a thirty-day extension of time to allow Mr. Petersen to complete this study and prepare a draft PHC for Genwal's review. If this extension is granted, PHC which is now due on Friday, November 11, 2011, would be submitted on Monday, December 12, 2011.

We appreciate your consideration in this matter.

Very truly yours,

Denise A. Dragoo
